Celebration Pediatrics Announces 2nd Location Opening in December 2022

We are thrilled to share that Celebration Pediatrics is expanding our care throughout central Florida by opening our Winter Garden office. The Winter Garden Office is at 1997 Daniels Road, Winter Garden, FL 34787.

For additional information and to schedule an appointment, call us at 866-595-5113.

Meet Our New Providers: Zulma Zorrilla-Pabon, MD, and Monica Clark, APRN

Zulma N. Zorrilla-Pabon is a pediatrician with more than ten years of experience caring for children and their families. Dr. Zorrilla-Pabon began her educational training by graduating with honors from the University of Puerto with a bachelor of science degree in biology. She continued her education by earning her medical degree from the San Juan Bautista School of Medicine in Caguas, Puerto Rico.

Dr. Zorrilla-Pabon is passionate about helping teens navigate the mental, physical, and emotional changes they experience. In her spare time, Dr. Zorrilla-Pabon enjoys dancing the Salsa, hiking, and walking her dog, Coco.

Monica Clark is a board-certified family nurse practitioner passionate about caring for children and their families. Since 2015, Monica has worked primarily as an emergency room nurse encompassing all ages and areas of emergency medicine. She said, "Although I enjoyed all areas and ages in emergency medicine, I was particularly drawn to pediatrics. In 2019 I was allowed to help spearhead the creation and establishment of the separate Pediatric

Emergency Department at Advent Health Celebration, which came to fruition in mid-2019. Without a doubt, this experience significantly added not only to my clinical knowledge and skills but also to my organizational and leadership skills.", said Monica.

Monica is passionate about improving all patient's and their family's physical, mental, and spiritual health. In her spare time, Monica enjoys spending time with her husband and son fishing and doing outdoor activities.

An Explanation About Appointments from Medical Director, Dr. Bob

By: Robert "Dr. Bob" Dabrow, MD, FAAP

Anyone in our office since October has noticed a constantly busy and crowded waiting room with often more prolonged than usual wait times. There have been recent days when no same-day visits are available for sick children. I empathize with parents who get frustrated or upset about these issues.

Unfortunately, until the current national outbreak of early season Flu and RSV, and multiple other respiratory viruses subsides, this problem will continue. It is a consistent problem in all pediatric offices, urgent care centers, and hospitals nationwide. We have increased our capacity by hiring new physicians and nurse practitioners to increase appointments. However, we are still limited by our current physical space despite an expanded schedule to accommodate more patients than ever before. A significant change should occur in January when our new satellite office opens in Winter Garden. This will provide an additional location and add more appointments for well and sick children to be seen by our staff.

As the practice grows, we will continue to provide timely and quality care to all our patients, but we ask for your patience as the flu season worsens.
